To our Friends at MN Multi Housing Association,

Solving hunger is important work and we are so grateful for your partnership in this effort. This fall, your group raised 35 pounds of food and \$645 to help feed people in need, and with Channel One's ability to turn \$1 into 4 meals, your contribution is amazing!

Collecting food and funds for people in need is a wonderful thing to do. When you host a food and fund drive for Channel One, you are not only providing nutritious food to people in need across our region, but you are also inspiring others to do the same. Your simple action can start something huge.

Thank you for your compassion and willingness to reach out to help others. Your support changes lives.

Sincerely,
